

## Additional 1 Year Health Guarantee

*NuVet* is a chewable wafer that he enjoys daily as a treat. It is vital to the development of his immune system, especially during his first years, but nutritionally beneficial for life.

**In addition to building his immunity it also helps him develop a healthy coat, fight off allergies, and prevent many of the health issues that are not covered by vaccines, thereby extending your dog's longevity.**

We feel so strongly about NuVet supplements that we also offer an "additional" One year health guarantee, total of 18 months, if you keep your puppy on Auto Ship Order of NuVet supplements. NuVet will notify us when you place an order. To order this product please go to [www.Nuvet.com](http://www.Nuvet.com) OR you can call 1-800-474-7044. You will be asked for a referral code which is **29701**. We highly recommend this product as processed dog food may be lacking the nutritional values vital to your dog's health. To honor this offer you must order within 10 days of taking ownership of your new puppy. If you choose to end using NuVet supplements, or Not order, the guarantee extension ends at that time.
